

Canal Street Art Gallery Exhibition Opportunities 2027

Artist Representation

Much like its business model, Canal Street Art Gallery's version of artist representation is made "by artists, for artists". A visual artist's traditional goal of being hand picked for the exclusive privilege of representation is replaced with the system of hiring a promotional agent, such as a performing artist might do.

Represented artists at Canal Street Art Gallery each have the opportunity for a solo show, included once per year. Additional solo shows may be scheduled at half off exhibition fees. The Touring Exhibitions Program which

exhibited most recently at Atlantic Gallery in New York City, is available to represented artists only.
